OTHER EMPLOYMENT EXPERIENCE

2002-2003: Data management for the Pathways to Desistance project (working with Dr. George Knight and Dr. Sandra Losoya), a study of juvenile offenders. Duties included accessing judicial system databases to recruit and track participants, contacting participants for follow-up interviews, and tracking interviewer time use.

2010-2011: Research assistant for the TRACE project (PI: Dr. J. Scott Tonigan), a longitudinal study of 12-step group members. Skills I developed in this position included application of multilevel linear modeling techniques to analyze longitudinal behavioral research data and SPSS scripting for data cleaning and visualization.
